

Shalom to all the seekers of truth, righteousness, justice, and freedom.

A special shalom (peace) goes out to those Hebrew-Israylites who have chosen to follow the second largest religion in the world, ISLAM. This heart felt letter is to you, my people.

I would like to present some information about Islam and its prophet, Prophet Muhammad. You may or may not be familiar with this. The information I will present is related to all forms of Islam—from The Nation Of Islam to the Moorish Science Temple of America to Orthodox. All forms of Islam can be traced back to its originator or founder, which history tells us is the "Prophet" Muhammad Ibn Adullah. Prior to the 7th century C.E. there was *not* a religion on earth called Islam or a people called Muslims. That's the facts. Even if you proclaim that Islam means "submission to God," by name and practice there was *not* a religion called Islam until the 7th century of the common era.

Muhammad is the central figure of Islam. That is why it is ultra important for us to understand who he was before we start to profess his faith.

Muslims make up about 6% of the U.S. population. The majority of those who are converting to this faith are our people, the so called "African-Americans." Many of you have gravitated towards Islam (in its many forms) in flocks, for different reasons.

Some of you have chosen to join because you believe Islam is your heritage. Others have joined because they believe Islam is the true faith. A great majority of you have joined because you were told Islam is the black man's religion and the prophet Muhammad was a black man. Many of you, without doing much research, are conned into believing this. But the truth is, Islam is *not* the black man's religion. It was *not* founded by black people. It does *not* have black prophets or a black God. The "prophet" Muhammad was *not* a black man. His attitude towards black people is no different than that of the white Christian slave masters. As a matter of fact, Muhammad also owned black slaves. Islam is *not* the faith of Abraham or Moses.

In this first letter to you, Muslims, I will deal with the Islamic group known as the Nation of Islam (NOI). In proceeding letters I will address the Moorish - Americans and Islam in general.

The Prophet Muhammad was *not* a Black Man.

First, let me prove that Muhammad was *not* a black man. He was WHITE as it is written in the Hadith.

The Hadith is a collection of writing about Muhammad's everyday life. It was written by people who knew and followed him. It can be called the Islam version of the Gospels because it tells of Muhammad's life and teachings.

In Hadith no. 63, vol 1, it says: "When a man arrived at the mosque, he asked, "who amongst you is Muhammad?" The companions of the prophet replied "THIS WHITE MAN RECLINING ON HIS ARM."

In Hadith no. 122, vol 2, and in vol 2 Hadith no. 141, when Muhammad raised his arms in prayer, it tells us that 'The WHITENESS of his armpits became visible.' The Hadith no. 367, vol 1, tells us that Anas, one of Muhammad's trusted companions, "saw the WHITENESS of the penis of Allah's prophet."

My brother or sister, if you converted to Islam because you were told by other Muslims that Muhammad was a "black" man, you have been led away from the truth and become a Muslim by lies and deception. The fact remains that Muhammad was *not* black as many have been told. The Prophet Muhammad was a Slave Owner

Next, Muhammad was an owner of black slaves.

In Hadith no. 436, vol 6, it says when Umar came to visit Muhammad, he saw a "BLACK SLAVE OF ALLAH'S APOSTLE sitting on the first step."

Ibn Qayyim alJawiyya, a great Muslim historian, wrote in his famous book *Zad al-Ma'ad* (part 1, pg. 160): "Muhammad had many male and female slaves. He used to buy and sell them, but he purchased more than he sold, especially after God empowered him by his message, as well as after his immigration from Mecca. He once sold one black slave for two. His name was Jacob al-Mudbir."

He also gives us the names of Muhammad's black slaves on pages 114-116, which were: Bilal, Abu Hurairah, Usamah Ebn Zaayed, and Rabbah were just a few of the black slaves of Muhammad.

The most famous slave market in Muhammad's day was the slave market in Mecca. Many so-called "blacks" (Hebrews) were stolen from African villages and were auctioned off like cattle in the same manner as they were in the Americas. I must mention here that it was the Arab Muslims that introduced the white European Christians to capturing and selling "blacks" (Hebrews) on the west coast of Africa. That is why there is similarity between the Arab enslavement of "blacks" (Hebrews) in the so-called Mid-East and the Christian enslavement of "blacks" (Hebrews) in the west.

Muhammad also mistreated his Hebrew slaves. He also said, "That if you dreamed of a 'black' woman, this was an evil omen (Hadith no. 9, vol 162,163). He also referred to black people as "raisin heads" (Hadith no. 662, vol 1).

Many believe that Arabs are still buying and selling black slaves today. In the Sudan, Muslim slave markets have been revived as blacks in chains from the Dinka Tribe are now being auctioned off to Muslim masters. In Arabic, the common word for black is "Abd" which also means "slave."

## Is Islam for the Black Man and Woman?

After knowing this, how could Noble Drew Ali, Elijah Muhammad, Minister Farrakhan, and others bring Islam to our people? This is a great disservice. What is the difference between how the European Christians slave masters treated our people, and the way the Arabs (Muhammad in particular) treated us. The nation of Islam says the doctrine of the Christians is false, they say that Black Christians have been tricked into believing in a white god. They also say that, Christianity is white supremacy and the doctrine of God (or a God) coming in the body of man is false. I will admit that I agree with some of that (I'm neither Christian nor Muslim). But the nation of Islam worship a white god in the "form of a man" named Fard Muhammad.

As much as Farrakhan would like to believe the doctrine of the NOI is liberating to the black (Hebrew) man, it's not. Why do you bash the Christians for believing the Christian god ("JESUS") came in the form of a man. When you say and believe your god Allah came into the body of a White man named Fard Muhammad. You teach and believe Fard is the greatest god of all. According to your doctrine Fard father was an original black god and he mated with a white woman, a pure Caucasian. Fard says that one black god created the moon, and another black god created the heavens, and the earth. Fard said there were 24 gods known as scientist, these gods existed before him. One of them was his father, "Master Wali Fard", He said all the Knowledge of the previous gods was embodied in himself and he was the greatest god there ever was. (Elijah Muhammad, "Our Savior has arrived" pg 96)

Fard said there were 24 black gods and he a white god was the greatest ever. Doesn't this sound like the same white supremacy you hear with the Christians? Christians also believe their white god is the greatest of all time. Lets look at the facts. Fard was a white man He didn't look like us as you can tell by his picture. He looks like a straight haired sharp featured Caucasian with pale white skin. And he says he is the greatest of all the other (black) gods. Look at the similarity of the NOI god and Christian god:

*(Note: THE WHITE CHRISTIAN CHRIST "JESUS" IS NOT THE SAME OR HAVE ANY RELATIONS TO THE HISTORICAL YAHOSHUA THE HEBREW MESSIAH)*

- Both are WHITE SKINNED GENTILES,
- Both claim to be gods,
- Both the NOI and Christians say their WHITE SKINNED god is a savior,
- Both the NOI and Christians devote a special day once a year to the so called birth of their gods. The NOI day is called "Saviors" Day, Christians celebration is called Christmas.
- Both gods "incarnated" into the body of white men, this can be found in the NOI newspaper the Final Cal

On the last page of every Final Call newspaper it gives 12 statements of what the NOI believe, number 12 says:

12. WE BELIEVE that Allah (God) appeared in the person of Master W. Fard Muhammad, July, 1930; the long-awaited messiah of the Christians and the Mahdi of the Muslims. (interesting note the NOI says Fard Muhammad is the messiah of the Christians; the messiah of the Christians is Jesus...

Is the NOI telling us their white god Fard is also the same as the white Christian Christ?). One critical point that must not be overlooked is this. The doctrine Fard Muhammad brought to Elijah Muhammad, is nothing but the so called secret knowledge. This information was present in the ancient mystery schools, such as the mystery schools in Babylon, Egypt, Greece, and Rome Etc. This knowledge is present in the upper levels of the Masonic lodge and other satanic secret societies. Fard's knowledge of the gods is nothing but the stories of the fallen angels. (More information about the fallen angels will be coming soon).

I don't want this to sound like I'm caught up on race but the truth of this matter has to be told. My point of going into a little of the NOI doctrine is to show you that, no matter how you try to make Islam into the black man's religion with black gods and prophets, you can't. Islam is a slave making religion, it's

effects on black people in the Americas and Africa is no different than the effect Christianity had on us. Many of the brothers and sisters in Africa were forced to convert to Islam just as we were forced to convert to Christianity. Muslim Arabs (including Muhammad) were our first slave masters and Islam was our first slave masters religion.

If anyone is offended by what I have written, so be it. And if there is anybody out there who is thinking about becoming Islamic or any other religion for that matter; do the research look at the doctrine and history of that group. See if you can find any truth in what they are saying. Don't let family traditions, emotions, smooth words or false histories sway you into something that you might regret later on. Part 2 of this open letter is coming.
